

## OSI Employment Opportunities

### PORT CAPTAIN

Operator of U.S. flag vessels seeking qualified individual to perform duties as a Port Captain responsible for the operation of Roll-on Roll-off vessels within the Company's managed fleet.

Port Captain duties involve coordinating vessel movements with customers, generating operational reports, ship position updates and coordinating the appointment of shipping agencies as necessary, as well as providing operational guidance to both ship and shore staff. This position will also involve the oversight of vessel external maintenance activities and ensuring compliance with applicable operating contracts and labor agreements.

A USCG unlimited license as Chief Mate or Master is required and at least 5 years sea time in one of those positions onboard large Roll-on Roll-off vessels is preferred. Qualified candidates should be self-starting and capable of performing the job with little supervision. This position may require foreign travel as well as being subject to random drug and alcohol testing.

#### Reporting:

This position reports to the Vice President, Operations

#### Requirements:

- **Degree:**  
Marine Transportation or equivalent experience in ship operations and maintenance management
- **License:**  
Chief Mate or Higher
- **Areas of Experience / Number of Years:**

At least 5 years work experience at sea, as Master or Chief Mate, unlimited, onboard a Large Medium Speed Ro-Ro (LMSR) or equivalent preferred. Related shoreside experience as a Port Captain is a plus.
